- Item 5.** Wastewater Plant- Reports and Memos – Supervisor Caryl Giles reported on the monthly activities of the wastewater plant.

Employees hauled 329,720 gallons of sludge from the Cornersville WWTP to be converted into biosolids.

Employees hauled and/or loaded 459 tons of biosolids to various farms.

Flow Totals:

Employees treated and discharged 101.7 MG of effluent at the Lewisburg Plant.

Employees treated and discharged 3.43 MG of effluent at the Cornersville Plant.

Trips/Classes

All lab employees attended 8 hours of remote WIMS training.

Tours/Visits

TOSHA inspected the WWTP on the 23rd.

Pretreatment

Marelli was inspected. Baron and West Rock were sampled twice each.

Miscellaneous

Audrey Rogers started working in the lab.

Flash flood conditions caused multiple overflows for the month.

Item 6. Other Business

6a. Project Update

1. Marshall's Farmers Co-op has agreed to sell us the land needed for the new pump station. This will replace the old outdated pump station in front of Allison Transmission. Surveying is complete. The plat has been approved by Lewisburg Planning and Zoning. LWW will set up a closing within the next two weeks. LWW has had its first design meeting with Wauford Engineering on this booster pump station. Final plans are to be completed within 3 weeks.

Closing for the sell will be on Monday April 26, 2021.

2. Sewer infrastructure to service Minth Inc. will need to be in place in February of 2022. LWW has had its first design meeting with Wauford Engineering on this sewer lift station. Final plans are to be completed within 3 weeks.
3. We are working out an agreement with Minth to pay a minimum bill (pay for water and sewer if they use it or not). This guaranteed payment will not come in until February 2022. The last version of the agreement has been reviewed by our attorney. It will be checked and sent to Minth within a week.

Meeting adjourned at 12:15 pm

Chairman, Bill Marsh

Secretary, Joe Harris
